Fish Facts

By: _____

Color the rainbow fish. Cut apart the words to the sentence. Mix up the words and then glue them onto the rainbow fish in the correct order. Remember to ask yourself, "What will I begin a sentence with?" and "What will I end a sentence with?". These questions should help you get started!

This

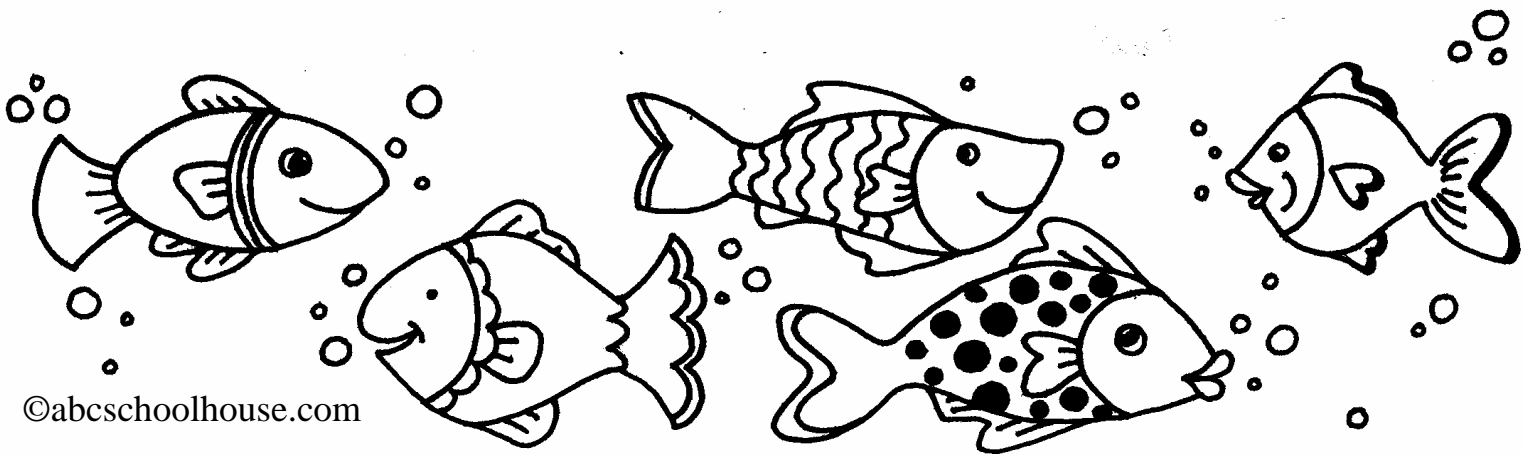

is

a

rainbow

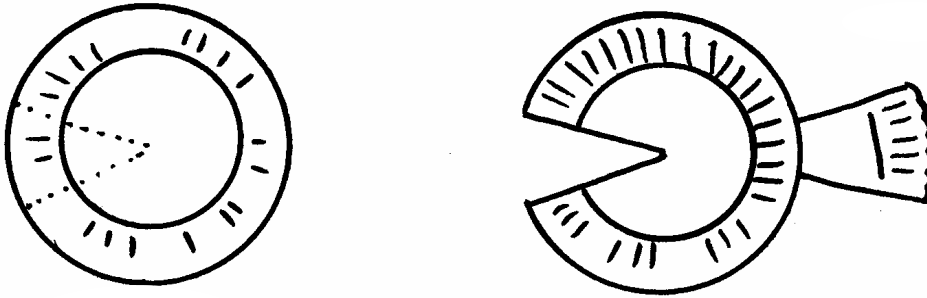

fish.

Handwriting practice lines consisting of multiple sets of three horizontal lines (top solid, middle dashed, bottom solid).

Paper Plate Fish:

1. Using a white paper plate, carefully cut a deep triangle into the center. Save the triangle cut out.
2. Glue or staple the triangle to the opposite side of the plate as the fish's tail.

3. Add tissue paper streamers to the tail if desired.
4. Pour a small amount of poster paint onto a small plate. Use a piece of celery to dip into the paint and use this to stamp "scales" on the fish. Use black paint or a black marker to make an eye.
5. Once dry, punch a small hole at the top of the fish and attach a piece of string or yarn to hang the fish.
